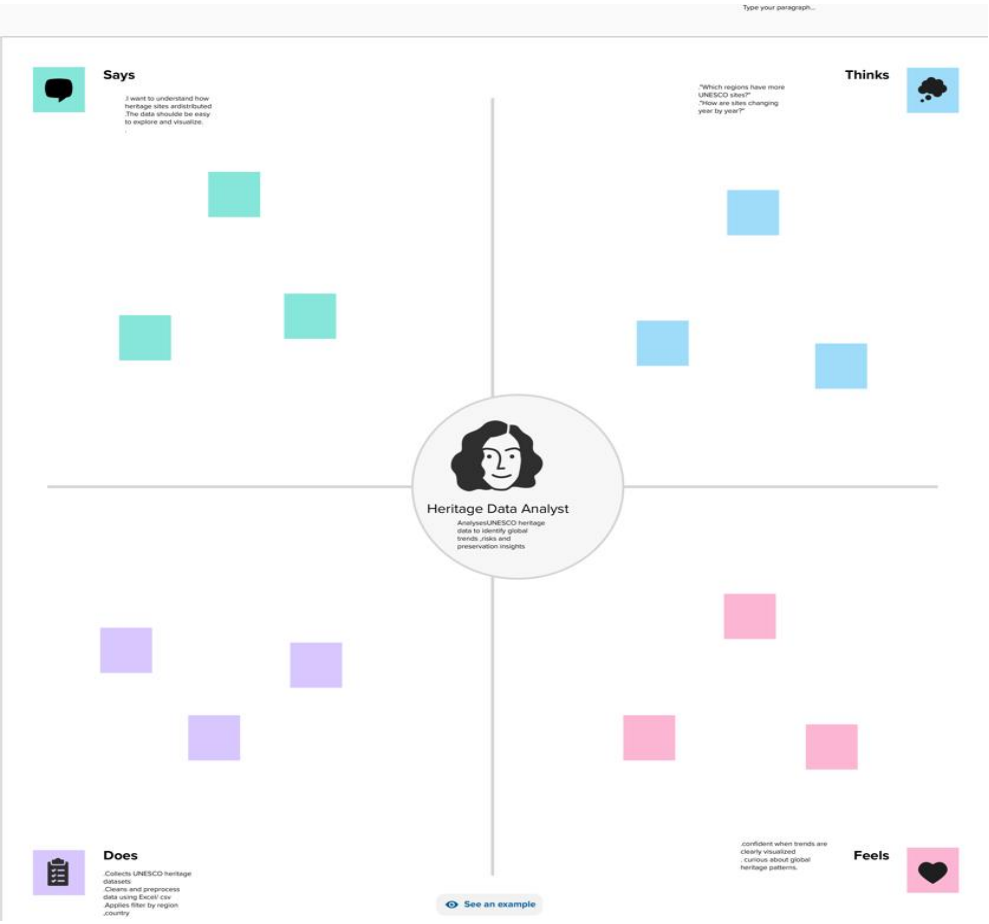
Ideation Phase
Empathize & Discover

Date	31 January 2025
Team ID	LTVIP2026TMIDS34739
Project Name	Heritage Treasures: An In-Depth Analysis of UNESCO World Heritage Sites using Tableau
Maximum Marks	4 Marks

Empathy Map Canvas:

An Empathy Map is a simple and effective visual tool used to understand users' needs, thoughts, and behaviors. In the Heritage Treasures project, this empathy map helps the team understand how users interact with UNESCO World Heritage data and what insights they expect from visual analytics.

It enables the project team to design meaningful dashboards by considering the user's perspective, goals, challenges, and expectations while exploring heritage site information.


Example: Emapthy Map For Heritage Treasures
